Danielle Botros Sommelier for Darioush

Join us for an exclusive wine dinner featuring the exquisite wines of Darioush Vineyards! Our talented culinary staff will be pairing these fine wines with delicious courses to please your palate.

Darioush Khaledi was instilled at an early age with the winemaking craft of his father, inspired by wine culture in the ancient city of Persepolis. He became a lifelong collector, seeking out old world wines **infused with tradition and energized by modern technique**. In the late 1990's Darioush and winemaker Steve Devitt made an unorthodox choice, to commit to Southern Napa Valley choosing its cooler microclimates to develop their unique style. In 1997, Darioush and his wife Shahpar founded Darioush and began to realize a lifelong aspiration to share the art, architecture, wine, craftsmanship and culture that inspired their journey. They committed to a Bordeaux-style of winemaking, a blended style they long admired for the potential to truly express a wine's character as well as the character of the people behind them.
