Mark Snitchler - Vice President

Directors

Allan Pfitzenmaier - Treasurer
Brent Canup - Secretary
Tom Buck - Immediate Past President

Subject: Huron River Club – Updated Dress Code

The Huron River Club has a rich history over, what is now, almost 100 years. Our many successes and experiences through the years have only been made possible by your support and steadfast loyalty. For this we thank you!

As we move forward, we are always exploring ways to increase the overall appeal of the Club and welcome new members to our fold. With this in mind, we are pleased to announce a revision to our “*Hunt room*” dress code to allow for a more casual approach to the Club experience for existing and new members alike.

Effective September 1, 2019, and in keeping with our sense of pride and tradition, members can now dress in tasteful denim or Bermuda shorts (knee length, seasonal) acceptable under the revised *Hunt room* dress code. We kindly request appropriate denim for the Club environment which *excludes* any frayed or torn denim in any fashion. We encourage you to enjoy the Club in the style of attire you feel most comfortable whether you wish to enjoy ‘smart casual’ attire in the *Hunt room* where denim is welcome or remain loyal to the traditional *Fireside* dress code of a sports coat and tie or any combination of. When extending an invitation to your guests, please inform them of this change. A copy of the *revised dress code* can be found under the member entrance on the HRC website.

As always, the Club continues our time-honored tradition of exceptional dining, service and fellowship as established by our founder, Eugene Rennard, nearly a century ago.

Thank you for your support and loyalty to our Club.

Sincerely,

John Bebes
President
Huron River Club
