

Our time has come!! **Your Club reopens for “indoor” dining tomorrow** **February 2, 2021 at 5pm**

Carryout dinners remain available to all members, please select your meals from the Hunt room or Fireside menu in addition to the weekly dinner specials.

The holiday decorations are intact for the month of February adding a cozy, festive atmosphere to the Club; we are available to host belated holiday work gatherings or get together with family and dear friends, postponed by the closure.

The entire Club will operate as Hunt room **offering a relaxed dress code and your choice of menus;**

Fireside or the Hunt room. We believe treating both dining rooms with the common Hunt room theme will provide the optimum avenue to accommodate all members and guests as we work with the restricted capacity levels mandated by Governor Whitmer.

We will offer “Live Entertainment” on Friday nights only

as we reopen with limited capacity; we will revisit the opportunity to resume Live Entertainment on Saturday’s when the Club receives the green light to increase the indoor dining capacity

Lunch service will resume the week of Thursday, March 4,

opening at 11:00 am through 2:00 pm; we will continue lunch service through the month of May with our final lunch for the season being Friday, May 28th.

JULY 2021: We will remain open through the month of July giving members the ability to enjoy the HRC for an additional month this coming summer.

We will have outdoor dining available in the grotto along with a comfortable south side patio for cocktails or after dinner drinks!

Thank you for your loyal support of the Huron River Club this past year
