

October 2022

Dear Members.

I hope this letter finds you well. As the club comes into its first year without any COVID-19 restrictions things are looking very promising. Membership is growing at a higher rate than expected and more rapidly than other private clubs in the area. Recently the building has had some major improvements, a new entrance way, log siding (phase I), carpeting and a new color of stain for the cedar shingles giving the building a fresh look.

The club has not increased membership dues in several years. After carefully reviewing the bylaws, the board has voted to increase dues by ten percent and an additional three percent in the following year to account for the inflation our economy has been undergoing. This will be a large help to our club's sustainability and success.

I feel the club is heading in the right direction as it approaches its 100th anniversary and has made it through the pandemic stronger than we could have hoped for. If you have any questions, please feel free to contact me at (248) 770-5121.

Thank you,
Brent Canup
President - Huron River Club
